Re: ABB—Braintech/RVT

Dear Geoffrey:

I hope you are doing well.

I have called, e-mailed and written you regarding ABB's proposal to resolve the outstanding differences between your clients and ABB. I have not had a response from you in several weeks.

As you know, we have filed a lawsuit in federal court in Michigan against Braintech Inc., Braintech Canada and RVT. Our local counsel, Kevin Stoop, did have a conversation with you last week, and asked you to clarify who you represent. Can you do that for us?

We are also moving for injunctive relief to (a) get the robots back and (b) get access to the code and executables in escrow. This letter shall serve as notice of our intent to do so, and a request that you confer with us as soon as possible about the relief requested prior to us seeking a hearing with the Court.

Last, we have been told on several occasions that RVT would give us the precise location of our robots so that we could pick them up. To date, that information has not been forthcoming. When can we expect it?
